- Assisting credentialed teachers within the LiteracyCNY Adult Education classrooms
- Leading Conversation Groups for Student of English as a New Language

Training
A 13 ½ hour training program is provided for instructional volunteers four times per year. Workshops are offered in afternoon or evening sessions to meet the scheduling needs of our diverse volunteer population. Online training is offered as an alternative to the face-to-face training workshop for those with less flexible schedules. This comprehensive training program equips you with the skills and resources necessary to instruct adult learners at even the lowest level. Moving them from illiteracy to meeting their goals.
